

In the Claims:

Please amend Claim 6 as follows:

Sub E1 Claim 6 (Amended for a Third Time) A method of making packages having slider operated
zippers, said method comprising the steps of:

providing a supply of a series of concatenated packages, each of said packages having a
slider operable reclosable zipper;

providing a supply of sliders, each of said sliders being insertable on to said reclosable
zipper and adapted to open and close said reclosable zipper as said slider is moved along said
reclosable zipper in opening and closing directions, respectively; and

for each of said packages, removing a slider from said slider supply and inserting said
slider on to said reclosable zipper while said reclosable zipper remains fully interlocked.
